

16 March 1977

MEMORANDUM FOR: Director of Central Intelligence

FROM : Andrew T. Falkiewicz  
Assistant to the Director

SUBJECT : Your Dinner Meeting with Time Magazine

Please note that the Time lunch has now become the Time dinner.

Place: Washington bureau of Time, third floor,  
888 16th St. (just north of Lafayette Park)

Date and Time: Thursday, 17 March at 7:30 p.m.

We will provide the guest list as soon as we receive it from Time Inc. The senior Time representative will be Editor-in-Chief, Hedley Donovan. Unfortunately, Hugh Sidey, the Washington bureau chief, will be out of town and unable to attend. Others will be drawn from both New York and Washington offices.

Ground Rules: This will be strictly a background session, an opportunity to get acquainted, to discuss some topics perhaps in depth without the inhibitions of an on-the-record interview. There will be no recording and, I am told, not even notes will be taken. Donovan and his colleagues will undoubtedly get some ideas for the kind of stories they might want to develop in the future.

The session should be lively and brief. I am sure you can plan on being out by 9:30 p.m. Since you are scheduled for a Congressional visit at the end of the day, I will plan to make my way to 888 16th St. independently and be there when you arrive.
